

MEXICANS THINK
CRISIS IS NEARForeign Residents Also Look for
Important Action.

HUERTA SEEMS UNCONCERNED

Dictator and His Friends Do Not Ap-
pear to Share the Uneasiness Which
Exists in Many Quarters—Populace
Believes Relations With America
Are Strained to the Breaking Point.Mexico City, Nov. 10.—Government
officials, foreign residents and the peo-
ple of Mexico realize that the relations
between this country and the United
States are strained almost to the point
of war, but there is perhaps no man
in the entire republic who knows what
Washington will do.John Lind himself, who represents
the president of the United States, is
ignorant of the intentions of his chief
and if General Huerta is anxious at
all regarding what may develop he
does not betray it. Although he has
sent to the diplomatic representatives
of the foreign nations a note which,
in effect, is a defiance of Washington
he was conspicuous in the cafes about
town and indulged in relaxation in the
company of his military friends.More uneasiness is apparent at the
American embassy than at the na-
tional palace. At the palace the opin-
ion was freely expressed, not infre-
quently accompanied by sneers, that
the United States would never inter-
vene in Mexico.Mr. Lind is fully cognizant of the
delicate situation and awaits with
keen interest word from President
Wilson and Secretary Bryan, but he
received only assurances that the
president was interested in certain de-
velopments and a request for the con-
tinuance of his observations.

Waiting Policy Cannot Last.

Mr. Lind expressed the view that
this waiting policy would not be con-
tinued for many days. It is known
here that he has recommended that
all diplomatic negotiations with Mex-
ico be terminated.Although Mr. Lind appears not to
have made much progress altering the
opinions of the British minister, Sir
Lionel Carden, his relations with the
German minister seem to be much
closer. Admiral Paul von Hintze, the
German minister, was the guest of Mr.
Lind at luncheon.In an informal note to the foreign
diplomats General Huerta, after call-
ing attention to the efforts he has
made to pacify the country and dwell-
ing at length on his reasons for dis-
solving congress, makes the direct
statement that the newly elected con-
gress will be installed within a few
days and will pass upon the elections
of the president and vice president.General Huerta reminds the diplo-
mats that prior to the elections he
told them that neither he nor General
Blanquet would accept an election on
the ground that his own election would
be illegal and he calls the attention
of the diplomatic representatives to
the conference he had with presiden-
tial candidates at which he obtained
their promise to abide by the result
of the elections, even should no one
obtain the necessary vote.

CRITICISES MEXICAN POLICY

Henry Lane Wilson Scores Present
Administration.Cleveland, Nov. 10.—Henry Lane
Wilson, whose resignation as ambas-
sador to Mexico was accepted by Pres-
ident Wilson, criticized the adminis-
tration's Mexican policy in an address
before the Union club here."I believe that if Huerta had been
accorded diplomatic courtesy from
this government peace and order in
Mexico would have been brought near-
er than they have been brought," said
the former ambassador.

MILITIA GIVEN TEST CALL

Bay State Companies Respond
Promptly When Summoned.
Springfield, Mass., Nov. 10.—"Militia
call" sounded on fire bells and whistles
aroused many Western Massachusetts
towns, when twelve companies of the
second regiment, Massachusetts vol-
unteer militia, were suddenly com-
manded to mobilize in Springfield with
all haste. The maneuver was design-
ed to find out how well prepared this
regiment was for a real call. The re-
sponse was prompt.

ANTHONY COMSTOCK.

Rescues a Woman From
Bandit at Minneapolis.

RESCUES GIRL FROM BANDIT

Anthony Comstock in Heroic Role at
Minneapolis.Minneapolis, Nov. 10.—Rescuing a
young woman from an armed bandit is
one of the unexpected incidents fea-
turing the visit of Anthony Comstock,
noted New York vice crusader, to Min-
neapolis, where he figures prominently
in the World's Purify congress, now
in session here.Mr. Comstock was on his way to the
Auditorium, where he spoke, when he
was attracted by the screams of a
woman for help. He reached her just
as a masked bandit, who had fired
several shots at the young woman, dis-
appeared in the darkness.THAW LAWYERS PLAN
ACTIVE LEGAL FIGHTCase May Be Carried to Fed-
eral Supreme Court.Concord, N. H., Nov. 10.—Governor
Feltner signed the extradition papers
for the return of Harry K. Thaw to
the custody of New York state. The
decision, although a victory for Wil-
liam Travers Jerome and his assist-
ants in the fight for the return of
Thaw to New York, does not mean
that the fugitive will be taken back
to Matteawan asylum immediately.
In fact, it may be a year or more be-
fore the slayer of Stanford White is
taken out of New Hampshire.The attorneys for Thaw and New
York state attorneys conducting the
fight to return him to Matteawan are
both bent on fighting the matter out
in the United States supreme court if
necessary, and there is every indica-
tion that litigation in the case may
drag through years.Persons familiar with the case are
expecting a fight to the finish and
are agreed that if Thaw's funds out-
last Jerome's tenacity, or if Thaw
himself outlives Jerome, he may avoid
Matteawan. Concord hopes Thaw
will win; the decision by Governor
Feltner allowing Thaw's extradition
was not a popular one here.Thaw and his mother continue to
regard the action of Governor Feltner
as an incident in the case rather than
in the light of a disastrous defeat.

ROOSEVELT GIVEN CHEERS

Former President Gets Warm Greet-
ing in Buenos Ayres.Buenos Ayres, Nov. 10.—Colonel
Roosevelt spent a quiet day in Buenos
Ayres, but on his two public appear-
ances he was greeted with cheers.He attended the inauguration of the
agricultural exposition and later, ac-
companied by the acting president of
the republic, Dr. de la Plaza, visited
the hippodrome.

CHIEFS DANCE AT WEDDING

Elaborate Indian Ceremonies Are En-
acted.Old Town, Me., Nov. 10.—Clad in
regalia of eagle feathers and beaded
buckskins Indian chiefs danced at the
wedding of Andrew Sockalexis, the
Penobscot Indian marathon runner,
to Pauline Shay, daughter of Sebastia
Shay, one of the leading tribesmen.Haunches of venison, bear steaks
and choice cuts of other game made
up the feast.

CANADIAN TOWN IS BURNED

Twelve Stores and a Number of Dwell-
ings Destroyed.Winnipeg, Nov. 10.—The town of Ni-
pigon, Ont., sixty miles east of Fort
William, was destroyed by fire. Twelve
stores and a number of dwellings were
burned. It was necessary to use dy-
namite to blow up buildings to stop
the progress of the fire. The Fort
William fire brigade went to Nipigon
on a special train to help.

Two Dead From Gas Fumes.

Nowata, Okla., Nov. 10.—Flora Rig-
by, aged thirteen years, and her sister
Josephine, eight years, are dead, and
their mother, Mrs. L. W. Rigby, is in
a critical condition as the result of
being overcome by gas.CURRENCY FIGHT
WILL BE BITTERNo Corroboration of "Insidious
Lobby" Hinted at.

MEASURE IN NEED OF BOOST

Declared Senators Opposing Adminis-
tration Plans Cannot Be Moved by
Alleged Money Trust Lobby—Heart-
burnings in Washington Over List of
Guests to White House Wedding.

By ARTHUR W. DUNN.

Washington, Nov. 10.—[Special.]—
"All quiet along the lobby front" might
be the oft repeated message, just as
fifty years ago "All quiet along the
Potomac" became familiar. The in-
vestigation of the lobby blossomed,
flourished, made a great sensation, sim-
mered and was finally allowed to go
to the scrap heap. But it accomplished
its purpose. When President Wil-
son saw trouble ahead for the tariff
bill, realizing that Democratic sena-
tors from the so called beet sugar
states were wavering, he sprang the
lobby sensation. An "insidious lobby"
was working to defeat the tariff
bill. Then followed the investigation
which developed just enough facts to
put over the tariff bill. In the testi-
mony it was found that certain sena-
tors were reported as friendly toward
the beet sugar tariff, and that mention
was enough to bring them into line.
When it was assured that the tariff
bill would go through the interest in
the lobby investigation waned.

Currency Needs a Push.

The currency bill needs a boost of
the same kind. It has been hinted at,
but no one seems ready to father the
statement that the money trust has an
"insidious lobby" holding up action on
the currency bill. That certain money
interests are very much opposed to
many provisions of the currency bill
is true, but it would be very difficult
to locate a money trust lobby. More
than that, it would be difficult to make
any one believe that the senators who
are opposing the administration's cur-
rency plans could be moved by interest
of any kind.

Theoretical and Practical.

During the discussion of the voca-
tional educational bill Congressmen
Fess of Ohio and Cox of Indiana had
a running colloquy of interest. Fess
was advocating a number of reforms
and said that the government could
regulate child labor and divorce and
marriage."Why not religion, then?" asked Cox.
"Religion is a horse of another color.
There are too many. There are only a
man and a woman to be married.""And there is only one soul to be
saved or lost," responded Cox."The best thing you can do to save
a soul is to make a useful life," re-
plied Fess. "And education leads to
usefulness.""You cannot do much as you propose
with a lot of theoretical professors,"
remarked Cox."If the theoretical professor is an
obstacle to legislation," asked Fess,
"what about your president today?""He is a practical man in addition
to being a theoretical professor," par-
ried Cox, who is a Democrat.

Smoot in Charge.

The late Senator Stewart once re-
marked about a number of senators
just after the civil war: "They were
all leaders. They declared themselves
leaders, just as senators do now." And
that is the way leaders are created.
They declare themselves by taking
leadership. Such is the case in regard
to Senator Smoot on the Republican
side. The Utah senator is the junior
of ten Republican senators, but he has
just taken hold and runs things for his
side of the senate.

Preserving Senatorial Dignity.

Vice President Marshall said that
when the senate entered into a unani-
mous consent agreement to do a thing
at a certain hour he would enforce
that agreement so far as it was in his
power. That is something no other
presiding officer of the senate ever in-
timated before, and Senator Bacon,
who is a sort of guardian of the tradi-
tions of the senate, came forward at
once with a proposition to regulate
unanimous consent agreement with a
rule so as never to give the vice pres-
ident an opportunity to put his "revo-
lutionary" suggestion into operation.

An Early Progressive.

Before the Populists were organized
or began to put their ideas into plat-
forms Champ Clark was a progressive.
"I wrote and put on the statute books
the trust law of Missouri," said the
speaker. "That law has been attacked
by the ablest lawyers in the country
and carried to the supreme court and
has stood the test.""But isn't it more difficult to frame
a federal trust statute than one apply-
ing to a state?" he was asked."Why?" was the reply. "Trusts are
criminal conspiracies against the wel-
fare of the people. Punish them and
those who form them is the remedy."

Their Little Troubles.

There were heartburnings in what
is called the "smart set" in Washing-
ton because invitations to the White
House wedding were not received.
Many who thought themselves entitled
to "bids" were out among the fortunate
recipients.

Happiness.

Happiness is a byproduct obtained
from work well done.—Philadelphia
Ledger.

JEFFERSON M. LEVY.

New York Congressman
Candidate for Senate.

Photo by American Press Association.

LEVY WOULD SUCCEED ROOT

New York Congressman to Be Can-
didate for Senate.Washington, Nov. 10.—Representa-
tive Jefferson M. Levy of New York
announced he would be a candidate to
succeed Senator Root at the primaries
next fall.CAPTAIN ACCUSES
CREW OF MUTINYBark Manga Reva Anchors in
Delaware Breakwater.Lewes, Del., Nov. 10.—The bark Man-
ga Reva, which cleared from Phila-
delphia Oct. 9 for San Francisco, re-
turned to the Delaware breakwater
because the crew mutinied, according
to Captain Townsend, commander of
the vessel. The captain asked for as-
sistance of the United States marshal.Captain Townsend said he was ill
when the outbreak came and that he
and the mate were tied in their berths.
They were later released to navigate
the ship on the promise that they
would return to the Delaware capes.Because of stormy weather no com-
munication could be had with the
bark. The United States marshal will
go aboard as soon as possible.The Manga Reva was formerly the
British ship Pyrenees. In 1900, while
on a voyage from Tacoma, Wash., to
Europe, she took fire in the Pacific
ocean. After an exciting sixteen days'
run for land the ship was beached on
Manga Reva lagoon in the South Pa-
cific.

CRACK MARKSMAN IS KILLED

Harry A. Hoey of Wisconsin Guard
Victim of Bullet.Milwaukee, Nov. 10.—Harry A.
Hoey, a member of the state militia
rifle team in the Camp Perry national
shoot for the last three years and ser-
geant in Company F of the First reg-
iment, died of a bullet wound in the
company's armory. When men of his
company were at target practice Sat-
urday Hoey was shot by Corporal
Schmidt, also a crack shot, and, like
Hoey, a member of the state team.Schmidt is not blamed for the shoot-
ing, as the shot was fired when his
arm was jolted by another marksman
at his side.

TRIES TO SAVE HIS VICTIM

Vermont Man Shoots Hunter, Then
Summons Doctor.West Haven, Vt., Nov. 10.—After he
had shot and fatally injured Charles
Gordon, a hunter and trapper, William
Koch, Jr., a prosperous farmer of this
town, summoned three physicians on a
special train from Whitehall to at-
tend his victim and chartered a yacht
to hurry the injured man to a hospital
in an attempt to save his life. Gor-
don died before reaching the hospital.Koch was removed to the house of
correction after he had been ex-
amined by State's Attorney Stafford.
The shooting followed a quarrel over
some hunting traps.

LIBERALS LOSE SEAT.

Reading, Eng., Nov. 10.—The
Unionists were victorious in the
bye-election made neces-
sary by the withdrawal of Sir
Rufus D. Isaacs to assume the
lord chief justiceship. The
greatest interest centered in
the contest, Captain L. C. Wil-
son, Unionist, capturing the
seat with 5,144 votes. George
Peabody Gooch, Liberal, re-
ceived 4,031 votes and the
Socialist candidate, Mr. Butler,
1,063. The Socialists undoubt-
edly cut into the Liberal vote.

Three Trainmen Killed.

Utica, N. Y., Nov. 10.—Three of the
train crew were killed when a loco-
motive pulling a work train on the
Hquette Lake railroad ran into a
tree which had blown across the
tracks. A severe storm swept this
part of the state and did extensive
damage in the Adirondacks.HOLDS DISCOUNT
SCHEME INVALID

GOVERNOR DINES OFFICERS

American Warship Given Cordial Wel-
come at Malta.Malta, Nov. 10.—Rear Admiral
Badger and other officers of the bat-
tleship Wyoming were the guests of
the governor, General Sir Henry
Rundle, at the palace, after which the
party proceeded in automobiles to San
Antonio palace, the governor's coun-
try residence, where they took tea.Many of the bluejackets from the
Wyoming visited places of interest
with British bluejackets, while offi-
cers from the British garrison enter-
tained the American officers who did
not participate in the governor's en-
tertainment.

COUNTERFEIT PLANT FOUND

Federal Officers Locate Spurious Coin
Works in Joplin, Mo.Joplin, Mo., Nov. 10.—A plant for
coining of spurious money flourished
through the summer in one of the
principal residence sections of Joplin,
it became known.Federal officers kept the fact secret
until after the arrest of W. C. Gard-
ner, a miner, who is charged with
having operated the coin factory.
Gardner pleaded not guilty and was
held for trial Nov. 11.

CHIEF VIRTUAL PRISONER

St. Joseph (Mo.) Police Officials Are
Quarantined.St. Joseph, Mo., Nov. 10.—William
Gray, chief of police, and many of the
executive officers of the local police
department are quarantined in the
Central station on the order of health
officials because it was found that a
prisoner in the lockup had smallpox.Police headquarters have been trans-
ferred to the city workhouse and the
force is being directed by telephone.

STRAW RIDE FATAL TO FOUR

Six Others Injured When Train Hits
Carryall.Syracuse, N. Y., Nov. 10.—Four peo-
ple were killed and six injured when a
carryall loaded with twenty persons
was struck by a Delaware, Lackawan-
na and Western train at Jamesville,
six miles south of here. The occu-
pants of the carryall were on a straw
ride. The vehicle was thrown twenty
feet into a ditch.

Turkey Eggs.

About eight dozen eggs are given
as an average for the annual output of
the turkey.

THREE TOTS PERISH.

Caruthersville, Mo., Nov. 10.—
Three small children of Mr.
+ and Mrs. George Buck were
+ burned to death when fire de-
+ stroyed the Buck home. The
+ parents were away and the
+ children had been locked in the
+ house. The oldest was six
+ years old.

32.Attorney General's Opinion of
Tariff Law Subsection.

IN CONFLICT WITH TREATIES

Secretary McAdoo Makes Public Rul-
ing of Mr. McReynolds That Provi-
sion of Underwood Statute Authoriz-
ing a Discount of Five Per Cent on
All Goods Imported in American
Vessels Is Void.Washington, Nov. 10.—Attorney
General McReynolds has decided that
the subsection of the new tariff law
authorizing a discount of 5 per cent
on all goods imported in American
vessels is nullified by its proviso that
"nothing in this subsection shall be
so construed as to abrogate or in any
manner impair or affect the provi-
sions of any treaty concluded between
the United States and any foreign na-
tion."Secretary McAdoo of the treasury
department made public the attorney
general's opinion and announced
that in accordance with it collectors
of customs would be directed to con-
tinue to disregard the subsection as
they were instructed to do on Oct. 8.
Entries held up pending the decision
now will be liquidated, leaving im-
porters who desire to insist upon get-
ting the 5 per cent discount to pro-
test, with the right of finally carrying
the question to the court of customs
appeals.This ends, for the present at least,
the long drawn out discussion over
the proposed differential duty pro-
vision, the subject of much debate in
congress while the tariff bill was un-
der consideration.

Opinion Withheld Ten Days.

The attorney general gave his opin-
ion to Secretary McAdoo ten days ago,
but it was withheld to allow consid-
eration by the treasury officials. Mr.
McReynolds held:"That the 5 per cent discount to
American vessels only, which was the
primary object of the subsection in
question, cannot be given without im-
pairing the stipulations of existing
treaties between the United States
and various other powers and that
consequently the subsection by the
expressed terms of the provision, is
inoperative."Twenty-three nations have treaties
with the United States under which
they claimed their ships had a right
to the differential in common with
American ships. These included
Great Britain, Germany, France, Aus-
tria-Hungary, Italy, Japan, Belgium,
Denmark, Greece, The Netherlands,
Spain, Norway and Sweden.Several foreign governments, in-
cluding those of Germany, France and
Spain, made strong protests to the
state department against the proposed
discrimination and there were some
indirect threats of a trade war if the
preference duty was enforced.

COMBATS INFANTS' DISEASE

Discovery of Bacillus That Causes
Summons Doctor.Baltimore, Nov. 10.—Dr. Ralph Vin-
cent, director of the research labora-
tory of the Infants' hospital, London,
Eng., announced here he had discov-
ered the bacillus that causes stomach
trouble among infants.He will read a paper next Thursday
before the New York Academy of
Medicine in which he will tell of some
recent discoveries which he believes
will be of great value in combating
infantile diseases.

FIVE DIE FROM GAS FUMES

Asphyxiated in Small Bed Room in
Stable.Stamford, Conn., Nov. 10.—Five men
were found dead in a small bedroom
in a stable on Pacific street, all hav-
ing been asphyxiated by gas.One of the five retired while the
others were asleep and the medical
examiner believes he accidentally
turned on the gas.The dead are Stephen Arcade, his
brother Peter, his son Peter and two
cousins, Joseph Decanto and D. Ed-
tato.

AUCTION RED CROSS SEALS

Unique Feature Will Be Tried This
Year.New York, Nov. 10.—The Red Cross
Christmas seal campaign will have as
a feature this year the sale by auction
of the first seals or sheets of seals
placed on sale, it was announced.These auction sales will be held in
various parts of the country, more
numerously in cities in New York
state, Ohio, Illinois, Michigan, Indiana
and Texas. In the last three states
autographs of prominent persons, in-
cluding those of President Wilson and
former Presidents Roosevelt and Taft,
will be attached to cards bearing the
Red Cross seal.

Held on Charge by Girl.

Peoria, Ill., Nov. 10.—Julius K.
Schwabacher, member of a prominent
family and reputed a millionaire, was
arrested on a state warrant charging
criminal assault upon Ethel Anderson,
sixteen years old. The charge was
made by the girl. Schwabacher was
released from custody on bond of \$600.

MEXICANS THINK
CRISIS IS NEARForeign Residents Also Look for
Important Action.

HUERTA SEEMS UNCONCERNED

Dictator and His Friends Do Not Ap-
pear to Share the Uneasiness Which
Exists in Many Quarters—Populace
Believes Relations With America
Are Strained to the Breaking Point.

Mexico City, Nov. 10.—Government officials, foreign residents and the people of Mexico realize that the relations between this country and the United States are strained almost to the point of war, but there is perhaps no man in the entire republic who knows what Washington will do.

John Lind himself, who represents the president of the United States, is ignorant of the intentions of his chief and if General Huerta is anxious at all regarding what may develop he does not betray it. Although he has sent to the diplomatic representatives of the foreign nations a note which, in effect, is a defiance of Washington, he was conspicuous in the cafes about town and indulged in relaxation in the company of his military friends.

More uneasiness is apparent at the American embassy than at the national palace. At the palace the opinion was freely expressed, not infrequently accompanied by sneers, that the United States would never intervene in Mexico.

Mr. Lind is fully cognizant of the delicate situation and awaits with keen interest word from President Wilson and Secretary Bryan, but he received only assurances that the president was interested in certain developments and a request for the continuance of his observations.

Waiting Policy Cannot Last.

Mr. Lind expressed the view that this waiting policy would not be continued for many days. It is known here that he has recommended that all diplomatic negotiations with Mexico be terminated.

Although Mr. Lind appears not to have made much progress altering the opinions of the British minister, Sir Lionel Carden, his relations with the German minister seem to be much closer. Admiral Paul von Hintze, the German minister, was the guest of Mr. Lind at luncheon.

In an informal note to the foreign diplomats General Huerta, after calling attention to the efforts he has made to pacify the country and dwelling at length on his reasons for dissolving congress, makes the direct statement that the newly elected congress will be installed within a few days and will pass upon the elections of the president and vice president.

General Huerta reminds the diplomats that prior to the elections he told them that neither he nor General Blanquet would accept an election on the ground that his own election would be illegal and he calls the attention of the diplomatic representatives to the conference he had with presidential candidates at which he obtained their promise to abide by the result of the elections, even should no one obtain the necessary vote.

CRITICISES MEXICAN POLICY

Henry Lane Wilson Scores Present
Administration.

Cleveland, Nov. 10.—Henry Lane Wilson, whose resignation as ambassador to Mexico was accepted by President Wilson, criticized the administration's Mexican policy in an address before the Union club here.

"I believe that if Huerta had been accorded diplomatic courtesy from this government peace and order in Mexico would have been brought nearer than they have been brought," said the former ambassador.

MILITIA GIVEN TEST CALL

Bay State Companies Respond
Promptly When Summoned.

Springfield, Mass., Nov. 10.—"Militia call" sounded on fire bells and whistles aroused many Western Massachusetts towns, when twelve companies of the Second regiment, Massachusetts volunteer militia, were suddenly commanded to mobilize in Springfield with all haste. The maneuver was designed to find out how well prepared this regiment was for a real call. The response was prompt.

ANTHONY COMSTOCK.

Rescues a Woman From
Bandit at Minneapolis.

RESCUES GIRL FROM BANDIT

Anthony Comstock in Heroic Role at
Minneapolis.

Minneapolis, Nov. 10.—Rescuing a young woman from an armed bandit is one of the unexpected incidents featuring the visit of Anthony Comstock, noted New York vice crusader, to Minneapolis, where he figures prominently in the World's Purify congress, now in session here.

Mr. Comstock was on his way to the Auditorium, where he spoke, when he was attracted by the screams of a woman for help. He reached her just as a masked bandit, who had fired several shots at the young woman, disappeared in the darkness.

THAW LAWYERS PLAN
ACTIVE LEGAL FIGHTCase May Be Carried to Fed-
eral Supreme Court.Concord, N. H., Nov. 10.—Governor
Fowler signed the extradition papers
for the return of Harry K. Thaw to
the custody of New York state.

The decision, although a victory for William Travers Jerome and his assistants in the fight for the return of Thaw to New York, does not mean that the fugitive will be taken back to Matteawan asylum immediately. In fact, it may be a year or more before the slayer of Stanford White is taken out of New Hampshire.

The attorneys for Thaw and New York state attorneys conducting the fight to return him to Matteawan are both bent on fighting the matter out in the United States supreme court if necessary, and there is every indication that litigation in the case may drag through years.

Persons familiar with the case are expecting a fight to the finish and are agreed that if Thaw's funds outlast Jerome's tenacity, or if Thaw himself outlives Jerome, he may avoid Matteawan. Concord hopes Thaw will win; the decision by Governor Fowler allowing Thaw's extradition is not a popular one here.

Thaw and his mother continue to regard the action of Governor Fowler as an incident in the case rather than in the light of a disastrous defeat.

ROOSEVELT GIVEN CHEERS

Former President Gets Warm Greet-
ing in Buenos Ayres.

Buenos Ayres, Nov. 10.—Colonel Roosevelt spent a quiet day in Buenos Ayres, but on his two public appearances he was greeted with cheers.

He attended the inauguration of the agricultural exposition and later, accompanied by the acting president of the republic, Dr. de la Plaza, visited the hippodrome.

CHIEFS DANCE AT WEDDING

Elaborate Indian Ceremonies Are En-
acted.

Old Town, Me., Nov. 10.—Clad in regalia of eagle feathers and beaded buckskins Indian chiefs danced at the wedding of Andrew Sokalexis, the Penobscot Indian marathon runner, to Pauline Shay, daughter of Sebastia Shay, one of the leading tribesmen.

Haunches of venison, bear steaks and choice cuts of other game made up the feast.

CANADIAN TOWN IS BURNED

Twelve Stores and a Number of Dwell-
ings Destroyed.

Winnipeg, Nov. 10.—The town of Nipigon, Ont., sixty miles east of Port William, was destroyed by fire. Twelve stores and a number of dwellings were burned. It was necessary to use dynamite to blow up buildings to stop the progress of the fire. The Port William fire brigade went to Nipigon on a special train to help.

Two Dead From Gas Fumes.

Nowata, Okla., Nov. 10.—Flora Rigby, aged thirteen years, and her sister Josephine, eight years, are dead, and their mother, Mrs. L. W. Rigby, is in a critical condition as the result of being overcome by gas.

CURRENCY FIGHT
WILL BE BITTERNo Corroboration of "Insidious
Lobby" Hinted at.

MEASURE IN NEED OF BOOST

Declared Senators Opposing Adminis-
tration Plans Cannot Be Moved by
Alleged Money Trust Lobby—Heart-
burnings in Washington Over List of
Guests to White House Wedding.

By ARTHUR W. DUNN.

Washington, Nov. 10.—[Special.]—"All quiet along the lobby front" might be the oft repeated message, just as fifty years ago "All quiet along the Potomac" became familiar. The investigation of the lobby blossomed, flourished, made a great sensation, simmered and was finally allowed to go to the scrap heap. But it accomplished its purpose. When President Wilson saw trouble ahead for the tariff bill, realizing that Democratic senators from the so called beet sugar states were wavering, he sprang the lobby sensation. An "insidious lobby" was working to defeat the tariff bill. Then followed the investigation which developed just enough facts to put over the tariff bill. In the testimony it was found that certain senators were reported as friendly toward the beet sugar tariff, and that mention was enough to bring them into line. When it was assumed that the tariff bill would go through the interest in the lobby investigation waned.

Currency Needs a Push.

The currency bill has a host of the same kind. It has been hinted at, but no one seems ready to father the statement that the money trust has an "insidious lobby" holding up action on the currency bill. That certain money interests are very much opposed to many provisions of the currency bill is true, but it would be very difficult to locate a money trust lobby. More than that, it would be difficult to make any one believe that the senators who are opposing the administration's currency plans could be moved by interest of any kind.

Theoretical and Practical.

During the discussion of the vocational educational bill Congressman Fess of Ohio and Cox of Indiana had a running colloquy of interest. Fess was advocating a number of reforms and said that the government could regulate child labor and divorce and marriage.

"Why not religion, then?" asked Cox. "Religion is a horse of another color. There are too many. There are only a man and a woman to be married."

"And there is only one soul to be saved or lost," responded Cox.

"The best thing you can do to save a soul is to make a useful life," replied Fess. "And education leads to usefulness."

"You cannot do much as you propose with a lot of theoretical professors," remarked Cox.

"He is the theoretical professor is an obstacle to legislation," asked Fess. "What about your president today?"

"He is a practical man in addition to being a theoretical professor," parried Cox, who is a Democrat.

Smoot in Charge.

The late Senator Stewart once remarked about a number of senators just after the civil war: "They were all leaders. They declared themselves leaders, just as senators do now." And that is the way leaders are created. They declare themselves by taking leadership. Such is the case in regard to Senator Smoot on the Republican side. The Utah senator is the junior of ten Republican senators, but he has just taken hold and runs things for his side of the senate.

Preserving Senatorial Dignity.

Vice President Marshall said that when the senate entered into a unanimous consent agreement to do a thing at a certain hour he would enforce that agreement so far as it was in his power. That is something no other presiding officer of the senate ever intimated before, and Senator Bacon, who is a sort of guardian of the traditions of the senate, came forward at once with a proposition to regulate unanimous consent agreement with a rule so as never to give the vice president an opportunity to put his "revolutionary" suggestion into operation.

An Early Progressive.

Before the Populists were organized or began to put their ideas into platform Champ Clark was a progressive. "I wrote and put on the statute books the trust law of Missouri," said the speaker. "That law has been attacked by the ablest lawyers in the country and carried to the supreme court and has stood the test."

"But isn't it more difficult to frame a federal trust statute than one applying to a state?" he was asked.

"Why?" was the reply. "Trusts are criminal conspiracies against the welfare of the people. Punish them and those who form them is the remedy."

Their Little Troubles.

There were heartburnings in what is called the "smart set" in Washington because invitations to the White House wedding were not received. Many who thought themselves entitled to "bids" were out among the fortunate recipients.

Happiness.

Happiness is a byproduct obtained from work well done.—Philadelphia Ledger.

JEFFERSON M. LEVY.

New York Congressman
Candidate for Senate.

Photo by American Press Association.

LEVY WOULD SUCCEED ROOT

New York Congressman to Be Can-
didate for Senate.

Washington, Nov. 10.—Representative Jefferson M. Levy of New York announced he would be a candidate to succeed Senator Root at the primaries next fall.

CAPTAIN ACCUSES
CREW OF MUTINYBark Manga Reva Anchors in
Delaware Breakwater.

Lewes, Del., Nov. 10.—The bark Manga Reva, which cleared from Philadelphia Oct. 9 for San Francisco, returned to the Delaware breakwater because the crew mutinied, according to Captain Townsend, commander of the vessel. The captain asked for assistance of the United States marshal.

Captain Townsend said he was ill when the outbreak came and that he and the mate were tied in their berths. They were later released to navigate the ship on the promise that they would return to the Delaware capes. Because of stormy weather no communication could be had with the bark. The United States marshal will go aboard as soon as possible.

The Manga Reva was formerly the British ship Pyrenees. In 1900, while on a voyage from Tacoma, Wash., to Europe, she took fire in the Pacific ocean. After an exciting sixteen days' run for land the ship was beached on Manga Reva lagoon in the South Pacific.

CRACK MARKSMAN IS KILLED

Harry A. Hoey of Wisconsin Guard
Victim of Bullet.

Milwaukee, Nov. 10.—Harry A. Hoey, a member of the state militia rifle team in the Camp Perry national shoot for the last three years and sergeant in Company F of the First regiment, died of a bullet wound in the company's armory. When men of his company were at target practice Saturday Hoey was shot by Corporal Schmidt, also a crack shot, and, like Hoey, a member of the state team.

Schmidt is not blamed for the shooting, as the shot was fired when his arm was jolted by another marksman at his side.

TRIES TO SAVE HIS VICTIM

Vermont Man Shoots Hunter, Then
Summons Doctor.

West Haven, Vt., Nov. 10.—After he had shot and fatally injured Charles Gordon, a hunter and trapper, William Koch, Jr., a prosperous farmer of this town, summoned three physicians on a special train from Whitehall to attend his victim and chartered a yacht to hurry the injured man to a hospital in an attempt to save his life. Gordon died before reaching the hospital.

Koch was removed to the house of correction after he had been examined by State's Attorney Stafford.

The shooting followed a quarrel over some hunting traps.

LIBERALS LOSE SEAT.

Reading, Eng., Nov. 10.—The Unionists were victorious in the bye-election made necessary by the withdrawal of Sir Rufus D. Isaacs to assume the lord chief justiceship. The greatest interest centered in the contest, Captain L. C. Wilson, Unionist, capturing the seat with 5,144 votes. George Peabody Gooch, Liberal, received 4,031 votes and the Socialist candidate, Mr. Butler, 1,063. The Socialists, undeterred, edly cut into the Liberal vote.

Three Trainmen Killed.

Utica, N. Y., Nov. 10.—Three of the train crew were killed when a locomotive pulling a work train on the Raquette Lake railroad ran into a tree which had blown across the tracks. A severe storm swept this part of the state and did extensive damage in the Adirondacks.

HOLDS DISCOUNT
SCHEME INVALID

GOVERNOR DINES OFFICERS

American Warship Given Cordial Wel-
come at Malta.

Malta, Nov. 10.—Rear Admiral Badger and other officers of the battleship Wyoming were the guests of the governor, General Sir Henry Rundle, at the palace, after which the party proceeded in automobiles to San Antonio palace, the governor's country residence, where they took tea. Many of the bluejackets, while off from the British garrison entertained the American officers who did not participate in the governor's entertainment.

COUNTERFEIT PLANT FOUND

Federal Officers Locate Spurious Coin
Works in Joplin, Mo.

Joplin, Mo., Nov. 10.—A plant for coining of spurious money flourished through the summer in one of the principal residence sections of Joplin, it became known.

Federal officers kept the fact secret until after the arrest of W. C. Gardner, a miner, who is charged with having operated the coin factory. Gardner pleaded not guilty and was held for trial Nov. 11.

CHIEF VIRTUAL PRISONER

St. Joseph (Mo.) Police Officials Are
Quarantined.

St. Joseph, Mo., Nov. 10.—William Gray, chief of police, and many of the executive officers of the local police department are quarantined in the Central station on the order of health officials because it was found that a prisoner in the lockup had smallpox. Police headquarters have been transferred to the city workhouse and the force is being directed by telephone.

STRAW RIDE FATAL TO FOUR

Six Others Injured When Train Hits
Carrivall.

Syracuse, N. Y., Nov. 10.—Four people were killed and six injured when a carryall loaded with twenty persons was struck by a Delaware, Lackawanna and Western train at Jakesville, six miles south of here. The occupants of the carryall were on a straw ride. The vehicle was thrown twenty feet into a ditch.

TURKEY EGGS.

About eight dozen eggs are given
as an average for the annual output of
the turkey.

THREE TOTS PERISH.

Caruthersville, Mo., Nov. 10.—Three small children of Mr. and Mrs. George Buck were burned to death when fire destroyed the Buck home. The parents were away and the children had been locked in the house. The oldest was six years old.

Attorney General's Opinion of
Tariff Law Subsection.

IN CONFLICT WITH TREATIES

Secretary McAdoo Makes Public Ruling of Mr. McReynolds That Provision of Underwood Statute Authorizing a Discount of Five Per Cent on All Goods Imported in American Vessels Is Void.

Washington, Nov. 10.—Attorney General McReynolds has decided that the subsection of the new tariff law authorizing a discount of 5 per cent on all goods imported in American vessels is nullified by its proviso that "nothing in this subsection shall be so construed as to abrogate or in any manner impair or affect the provisions of any treaty concluded between the United States and any foreign nation."

Secretary McAdoo of the treasury department made public the attorney general's opinion and announced that in accordance with it collectors of customs would be directed to continue to disregard the subsection as they were instructed to do on Oct. 8. Entries held up pending the decision now will be liquidated, leaving importers who desire to insist upon getting the 5 per cent discount to protest, with the right of finally carrying the question to the court of customs appeals.

This ends, for the present at least, the long drawn out discussion over the proposed differential duty provision, the subject of much debate in congress while the tariff bill was under consideration.

Opinion Withheld Ten Days.

The attorney general gave his opinion to Secretary McAdoo ten days ago, but it was withheld to allow consideration by the treasury officials. Mr. McReynolds held:

"That the 5 per cent discount to American vessels only, which was the primary object of the subsection in question, cannot be given without impairing the stipulations of existing treaties between the United States and various other powers and that consequently the subsection by the expressed terms of the provision, is inoperative."

Twenty-three nations have treaties with the United States under which they claimed their ships had a right to the differential in common with American ships. These included Great Britain, Germany, France, Austria-Hungary, Italy, Japan, Belgium, Denmark, Greece, The Netherlands, Spain, Norway and Sweden.

Several foreign governments, including those of Germany, France and Spain, made strong protests to the state department against the proposed discrimination and there were some indirect threats of a trade war if the preference duty was enforced.

COMBATS INFANTS' DISEASE

Discovery of Bacillus That Causes
Summons Doctor.

Baltimore, Nov. 10.—Dr. Ralph Vincent, director of the research laboratory of the infants' hospital, London, Eng., announced here he had discovered the bacillus that causes stomach trouble among infants.

He will read a paper next Thursday before the New York Academy of Medicine in which he will tell of some recent discoveries which he believes will be of great value in combating infantile diseases.

FIVE DIE FROM GAS FUMES

Asphyxiated in Small Bed Room in
Stable.

Stamford, Conn., Nov. 10.—Five men were found dead in a small bedroom in a stable on Pacific street, all having been asphyxiated by gas.

One of the five retired while the others were asleep and the medical examiner believes he accidentally turned on the gas.

The dead are Stephen Arcade, his brother Peter, his son Peter and two cousins, Joseph Decanto and D. Edizato.

AUCTION RED CROSS SEALS

Unique Feature Will Be Tried This
Year.

New York, Nov. 10.—The Red Cross Christmas seal campaign will have as a feature this year the sale by auction of the first seals or sheets of seals placed on sale, it was announced.

These auction sales will be held in various parts of the country, more numerous in cities in New York state, Ohio, Illinois, Michigan, Indiana and Texas. In the last three states autographs of prominent persons, including those of President Wilson and former Presidents Roosevelt and Taft, will be attached to cards bearing the Red Cross seal.

Held on Charge by Girl.

Peoria, Ill., Nov. 10.—Julius K. Schwabacher, member of a prominent family and reputed a millionaire, was arrested on a state warrant charging criminal assault upon Ethel Anderson, sixteen years old. The charge was made by the girl. Schwabacher was released from custody on bond of \$600.

HAD A PERFECT ALIBI.

And Plenty of Witnesses Stood Ready to Testify to It.

A lawyer in Portland, Ore., was assigned to defend a Chinaman accused of murder. He had a talk with the official interpreter, who in turn had talked with the man in jail, and that earnest person assured the lawyer that the prisoner was innocent; that at the time of the crime he had been miles away in a railroad camp. Later they went to the jail to have a talk with the prisoner.

The official interpreter held a long conversation, the lawyer giving him the questions. It seemed all straight and regular. The interpreter insisted that the prisoner had a perfect alibi.

It was some weeks before the case was called, and shortly before that time the lawyer wanted another talk with the accused man. The official interpreter had disappeared, and so he secured for his interpreter this time a Chinaman who had been his cook and who talked fairly good English. They went to the jail.

"Tell him," he instructed the interpreter, "that I want him to relate to me again the exact circumstances, all he knows about this, the whole truth and particularly where he was that night."

The two Chinese jabbered together for fifteen minutes. Then the interpreter turned and said, "He says after he shoot the man he turn down Mollison street an' throw pistol in McGuire's fish yard."

"Hold on," yelled the lawyer. "That can't be true. Ask him again. According to the other story he was miles away and didn't shoot the man at all."

There was another long conversation between the interpreter and the prisoner. Then the interpreter said: "Oh, les; he shoot the man. He say he shoot him an' turn down Mollison street an' throw pistol into McGuire's fish yard." "But," insisted the lawyer, "I was told he was not in the city at all that night, but miles away in a railroad camp."

The interpreter smiled blandly. "Oh, les," he assented cheerfully. "he have plenty witnesses to prove that."—Saturday Evening Post.

WIT OF A MORO UMPIRE.

He Had Learned Our Language Fast and Knew How to Use It.

Captain John E. Morris of the Sixth infantry was at one time, some years ago, stationed with his company in some inaccessible Moro town. Morris thought that if the Moros of his district could become interested in some sporting stunt outside of head hunting the United States insurance companies' mortality tables could readily be readjusted so far as soldiers were concerned, so he encouraged his men to teach the Moros baseball. When a man is playing baseball he is not chopping off heads, and Captain Morris appreciated this fact.

Two baseball teams were organized, a Moro team and a team from Morris' company, and one day the first game of the series was to be pulled off. The question of the umpire was the great one of the moment, and after much discussion a native Moro was selected to pass upon the fine points of the game.

In Filipino "umpire" is properly expressed as "makifula," and when Captain Morris arrived on the scene of the proposed ball game the Moro who was to be umpire approached him.

"Makifula, me," remarked the Moro. Captain Morris looked at the native umpire without in the slightest understanding what he was driving at. "I'm glad you are a 'makifula,'" he remarked, "but please inform me what the word means."

"Means makifula of Americans," replied the Moro. "Me learn American language fast."—San Francisco Chronicle.

The Required Recipe.

A woman of uncertain age required the services of a page boy and inserted in the local paper an advertisement headed "Youth Wanted." One of her friends, with little humor and less taste, sent her a bottle of a celebrated wrinkle remover, a pot of fairy bloom, a set of false teeth and a flaxen wig—London Telegraph.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Hindipo, relieves all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly.

It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Hindipo is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

Birmingham, Ala. F. L. Willis, suffered greatly from asthma and bronchitis. He writes: "I got no relief until I took Foley's Honey and Tar Compound. It entirely removed those choking sensations, and never failed to produce an easy and comfortable condition of the throat and lungs." H. P. Dunn, druggist.—Adv. mwf

Lion and Unicorn.

The animosity which was supposed to exist between the lion and the unicorn, as referred to by Spenser in his "Faerie Queene," is allegorical of the deep rooted ill will which anciently existed between England and Scotland. Ever since 1603 the royal arms have been supported, as now, by the English lion and the Scottish unicorn in token of the fact that St. George and St. Andrew had at last shaken hands and forgotten their old difference.—Westminster Gazette.

A Maker of Health

A good honest medicine like Foley's Kidney Pills gives health to many families. Mrs. O. Palmer, 635 Willow St., Green Bay, Wis., was seriously ill with kidney and bladder trouble. Mr. Palmer writes: "My wife is rapidly recovering her health and her strength due solely to the use of Foley Kidney Pills." H. P. Dunn, druggist.—Adv. mwf

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses are Taken

KIDNAPING CASE GOES TO JURY

Judge McClenahan Delivers Lengthy Charge to the Jury This Morning

SPECIAL VENIRE IS ORDERED

Case on Trial Now is Against Fred Kelroe, Charged With Grand Larceny in Second Degree

After an eloquent plea to the jury in the alleged kidnaping case, made by S. F. Alderman, attorney for the defense, Judge W. S. McClenahan delivered the charge to the jury.

Judge McClenahan spoke at length. A trial, said he, involved essentially and primarily the investigation of fact before conclusions were reached. He explained the meaning of an indictment and mentioned it had not been read during the course of the trial and then read it to the jury. The motive and the purposes of the defendants were important. The actions and statements and surrounding circumstances were to be weighed well to ascertain if there was a criminal intent. The defense had conceded it was a case of false imprisonment. The inquiry was not whether Sjögren had suffered as an individual, but if the law of the state had been violated. Whether or not secret confinement existed, that was a matter to be determined by the jury.

Attorney S. F. Alderman submitted to the court propositions of law which the court read to the jury.

The jury then filed to the ante-room.

Following this the case of the state vs Fred Kelroe was called. He and a party unknown are accused of stealing a watch from a man who was in the Northern Pacific railway depot. Shortly after court opened in the afternoon a special venire was ordered.

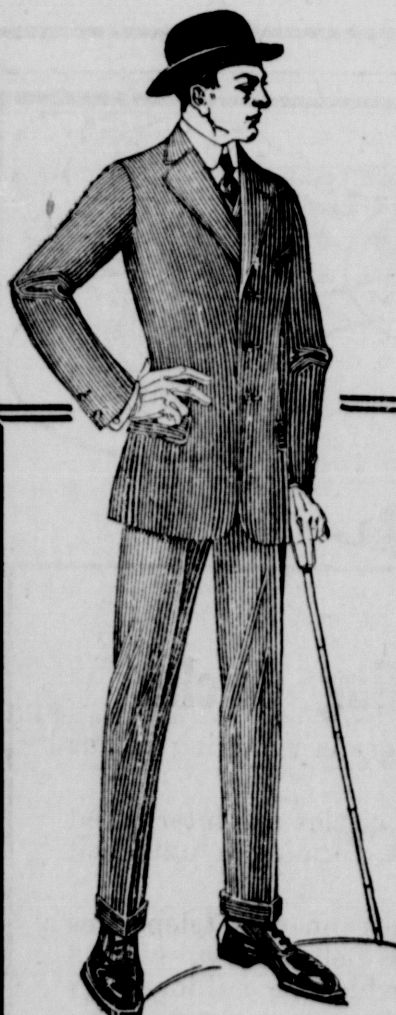

ELECTION OF OFFICERS

To be Held by Booster Club at the Council Chambers This Monday Evening

The regular election of officers of the Brainerd Booster club will be held at the council chambers this evening. Other important matters will also be brought up for the consideration of the club.

Pain in Back and Rheumatism

Torment thousands of people daily. Don't be one of these sufferers when for so little cost you can well get rid of the cause. Foley's Kidney Pills begin their good work from the very first dose. They exert so direct an action on the kidneys and bladder that the pain and torment of backache, rheumatism and kidney trouble is soon dispelled. H. P. Dunn, druggist.—Advt. mwf

HUERTA NOT TO BE RECOGNIZED

Special to The Dispatch:

London, Nov. 10—Walter H. Page, United States ambassador, today presented to the British Foreign Office another message from President Wilson the general effect of which is that under no circumstances will the president recognize Provisional President Huerta or any of his acts.

WINS CHAMPIONSHIP

Brainerd High Defeats Bemidji High 18 to 6 Saturday—Koop Stars in the Game

In the best game of football ever played on a local gridiron Brainerd high school won the championship of Northern Minnesota Saturday by defeating Bemidji.

In claiming the championship the locals base their claim on the fact that they have met and defeated every team that has challenged them, from this part of the state. Until last Saturday Bemidji was the only obstacle which lay in their path and now Bemidji has been brushed aside and the title of "Champion" lies undisputed in the grasp of the locals.

The game was featured by the sensational work of Koop, the locals left half. Time and again he hit the line for from ten to fifteen yards. At the start he got away with a forward pass which enabled Brainerd to get their first touchdown. In the third quarter he broke away for a sixty yard run dodging and shaking off tacklers and placed the ball on the eight yard line.

The work of Day at full and White at center was closely associated with that of Koop's. The former, several times got away for large gains and was a terror to Bemidji on the defense. White played a spectacular game on the defense, breaking up Bemidji's plays before they were fully under way.

Orne did the kicking for Brainerd and got away with several long punts. Trent at quarter guided the team with great generalship and through his line plunging Brainerd crossed the goal in the second quarter.

Hemstead and Molstad at ends broke up every end run of the visitors and formed remarkable interference on the offense.

Norquist, Mahlum, Vaughn and Warner on the line were a stone wall on the defense, and on the offense, opened large holes for the backfield.

Bemidji played hard and clean, but were unable to solve the plays of the locals or break through their sturdy defense.

Before the game Manager Schmidt of the Empress Theater promised the football boys that he would donate the proceeds of one night's entertainment at his theater toward a fund for buying sweaters for the team, providing they won. "They won."

Saturday night the members of both teams were guests of Sherman Kelly at the opera house. The house was filled with high school followers and all had a chance to test their lungs.

A picture of the Champions will appear in this paper soon, so be on the lookout.

CHANGE IN GAME LAWS

Trappers Should Take Notice Regarding the Catching of Mink, Muskrat and Beaver

At the request of Fred Wels, of Hubert, the Dispatch prints this change in the game laws as affecting hunters of mink, muskrat and beaver. Section 38 of the game laws has this amended provision, as amended in 1913:

No person shall take, catch or kill any beaver at any time, or any mink or muskrat between the fifteenth day of April, and the first day of December following, and no person shall molest, injure or destroy any muskrat, mink or beaver house, den or dam at any time, or hunt or pursue such animals with dog or dogs, except that in the open season herein provided for the taking, catching or killing of muskrats, muskrat houses may, for the purpose of placing traps therein, be opened in such manner only as will not destroy, damage or injure the same, as a place of habitation for muskrats. Provided, that when any of the animals mentioned in this section are doing damage to or destroying any property, or are likely to damage or destroy property, the person whose property is being, or is likely to be, damaged or destroyed, may make complaint and report the facts to the executive agent of the Game and Fish commission, who shall either in person or by a deputy game warden, investigate the conditions complained of, and if it appears that the complaint is well founded, and the property of such complainant is being, or is likely to be, damaged by any such animals, the executive agent of the Game and Fish commission may grant permission, properly safeguarded, to the complainant, to kill such animals, or destroy the houses, dams or other structures erected by them.

There is considerable activity in the Clearwater-Bay Lake district lying south of and parallel to the south range. A Helmer drill has been placed on the Norcross property at Bay Lake. The large interests of Anton Huhn, of Minneapolis, are near by. Cuyler Adams, of Deerwood, also has interests southwest of this.

The Edison people, of Deerwood, have taken over the Schroeder place in section 19, township 47, range 28, north of Rabbit lake, property on which they first had an option.

The Adams mine at Oreland is preparing for the winter season when a large stockpile will be taken out. The Pennington will continue stripping during the winter. There is a report current on the range that Supt. Lutes may ship a trainload of 33 or 35 per cent lowgrade ore, probably for test purposes. Improvements have been made at the mine. There is now a good substantial office building and work is progressing on other buildings.

The activity of the Gopher Iron Co. continues to excite comment and

STEAM SHOVEL AT BARROWS

South Range Activities—Cuyuna-Duluth at Ironton to Sink Shaft Deeper

The shipments for 1913 were early in the year estimated at about one million tons and mining men, including Carl Zapffe, of Brainerd, H. J. Kruse and Ben Mizen, of Crosby, were unanimous in saying that the Cuyuna range would be showing an unexpected era of production if that figure was obtained. At the present writing 350,000 tons marks the total shipments, but these figures will be raised because the shipping now bids fair to last until December 1 and some enthusiasts have high hopes to ship ore to December 15, providing, of course, the weather is fair and a skipper can be found to carry the cargo.

The Armour No. 1, Armour No. 2 and Kennedy mines of the Rogers, Brown Ore Co., have shipped approximately 636,500 tons, the Inland Steel Thompson mine, which is now stripping, 40,000 tons; the Pennington pit mine 100,000 tons; Barrows at close of season 10,000 tons; Cuyuna-Duluth and Cuyuna-Mille Laes mines over 65,000 tons. The Adams at Oreland, the Iron Mountain Mining Co. at Manganese, the Rowe mine at Riverton and the Meacham at Crosby have not shipped ore. Next year these four mines will be producers and it is also expected that the Brainerd-Cuyuna Mining Co. mine in the city limits of Brainerd will join the list of producers.

The Brainerd-Cuyuna mine has its shaft down 50 feet. The boilers are being bricked up. The power house has been built and the engine and hoist installed. All pipe lines, for heating, steam, air and water, are being put underground. The water from the mine will be discharged into Rosko creek. Large blocks of stock have been sold in town and outside. Chicago parties are also heavily interested in the mine. On Sunday Vice President Henry Nelson, Secretary Edmond Ingalls and Director Charles C. Jones, of Duluth visited President F. A. Farrar and with him inspected the mine.

At the Barrows mine, it is reported that enough will be shipped from its stockpile to make up its quota of 10,000 tons this year. The steam shovel which had been leveling ground for stockpiles at the Adams mine has been transferred to Barrows. At Loerch, also on the south range, it is reported that George H. Crosby has a number of drills at work endeavoring to establish the connection, if any, between the north and south ranges. In drilling this cross-section and exploring the formation Mr. Crosby is doing exploratory work of the highest value geologically, even if no great ore deposits are discovered.

Deerwood, which also lies on the south range, is the scene of active exploration work. John Helmer, of Duluth, has bought the Charles Lofholm place, the consideration being said to be \$20,000. Adjoining the Lofholm place drilling is in progress on the E. T. Buxton place on Reno lake in section 20, township 46, range 28, the Hale-Bradley Exploration Co., doing the drill work. At the Morford place in the village limits of Deerwood, William C. White has a drill at work on the same line of attraction.

There is considerable activity in the Clearwater-Bay Lake district lying south of and parallel to the south range. A Helmer drill has been placed on the Norcross property at Bay Lake. The large interests of Anton Huhn, of Minneapolis, are near by. Cuyler Adams, of Deerwood, also has interests southwest of this.

The Edison people, of Deerwood, have taken over the Schroeder place in section 19, township 47, range 28, north of Rabbit lake, property on which they first had an option.

The Adams mine at Oreland is preparing for the winter season when a large stockpile will be taken out. The Pennington will continue stripping during the winter. There is a report current on the range that Supt. Lutes may ship a trainload of 33 or 35 per cent lowgrade ore, probably for test purposes. Improvements have been made at the mine. There is now a good substantial office building and work is progressing on other buildings.

SOCIALIST EDITOR QUILTS

Special to Dispatch:

Bemidji, Minn., Nov. 10—Richard T. Proctor, editor of the Minnesota Socialist and Bemidji Examiner, who has been stirring the citizens of Bemidji with his criticisms on churches and public officials for the past six weeks, has left the city for parts unknown. Socialists here are unable to say where he has gone or whether he will ever return. A meeting of the socialist local was held behind closed doors and reports have it that the local refused to stand behind the editor and his paper.

In the present week the board of directors including L. F. Potter, Frank E. Oberg, Roy Murray, Donald Quinlivan, M. H. Poling, John A. Oberg, Fred W. Pingree, Wilson Bradley and George Urquhart, has had numerous representatives on the range. With Donald Quinlivan was A. J. Hogan, assistant cashier of the Commercial National bank, of Minneapolis. Mr. Hogan was amazed at the quantities of ore mined at the Pennington. Mr. Quinlivan was for years in the Canadian immigration business and has taken thousands of settlers and investors to Canada.

A. R. McGuire, a graduate of the Madison, Wis., mining school, is in charge of the exploration work on the Cuyuna Extension company's properties and for the Cuyuna-Sultana Co. properties on the Cuyuna range.

The Helmer Exploration Co. has started drilling the property of the Cuyuna Iron Valley Co. in section 19, township 47, range 28. The property lies directly north of Rabbit lake near lands which have been proven to contain ore.

The Crow Wing company is drilling north of the townsite of Cuyuna, holes being about 200 feet apart.

It is reported at Crosby that the Armour No. 1 mine will not be stripped.

The Kennedy mine at Cuyuna is hoisting on an average 700 tons a day. The work of electrical installation has been handicapped because the switchboard has not arrived. The Armour No. 2 at Crosby is hoisting 700 tons a day. Both of these mines have ceased shipping and are stockpiling.

The Inland Steel Co. Thompson mine has a shovel at work stripping with day and night crews at work.

The Rowe mine at Riverton was visited by many officials of the Pittsburgh Steel Ore Co. including President Wallace H. Rowe, Messrs. McCook, Winter and others. David Williams, of Duluth, was with the party. This pit mine now being operated by hydraulic and steam shovel equipment, is expected to ship 800,000 tons in 1914 and many believe the Soo will double-track this winter from Riverton to Iron Hub in order to handle the heavy traffic from this mine alone.

Chester D. Tripp, general manager of the Rogers, Brown Ore Co., was at Crosby this week and Mr. Tripp was optimistic about business conditions. He expected the ore market to be in much better shape next spring.

W. A. Gault has two drills at work for the Mangan Iron Co. in section 10, township 46, range 29.

A. H. Elftman, in charge of the Little Rabbit Mining Co., will be consulting geologist of the Rowe mine.

P. A. Gough and Jay McCarville are moving in their drills from section 24, township 47, range 29. Geo. H. Wyman, of Anoka, and Hopewell Clark, of St. Paul, were on the range this week.

The Glover Iron Co., a company of the Merritts, is operating in section 27, township 47, range 29.

E. J. W. Donahue, of the Lockerdonahue company, was on the range Sunday with a number of stockholders. Fat Hines has struck ore in section 20, township 46, range 28.

The Quinsec Mining Co. has been organized with a capital stock of \$50,000 by H. B. Blackwood, A. W. Uhl and F. A. Lindbergh, of Crosby. There shall be \$10,000 of capital stock and \$40,000 common stock.

In voting and division of profits, the special stock shall be so preferred that one share of special shall equal six shares of common. The highest amount of indebtedness allowed is \$10,000.

Charles W. Potts has assigned to James E. Peterson, trustee, an option in the south half of the southeast quarter of section 17, township 47, range 28.

James A. Stetson has assigned to Davis V. Skillings an option dated April 9, 1912, and covering lot 3 in (Continued on page 4)

Y. M. C. A. BOARD HAS MEETING

Gratifying Report of Work Done in all Departments are Received—Progress Made

THE FINANCIAL REPORT IS GOOD

Membership Remains at over 500—All Committees Active—Some Coming Events

The regular meeting of the board of directors of the Y. M. C. A. was held recently, and very gratifying reports of work in all departments were received. The financial report shows that the association is going right ahead with its work and is meeting its obligations as they are incurred. The membership remains over five hundred, despite the large number of expirations during the month, and attests the good work of the secretaries in soliciting members.

There is to be noted a lot of activity on the part of the committees in charge of the various parts of the work. The Social Committee made its existence known with a very successful Halloween social, and just to keep things going they announce a basket social for two weeks from last Thursday, the proceeds to be used to install improvements and conveniences in the dormitories.

All those who play mandolins and guitars will be interested to learn that J. J. Roney is going to organize a mandolin club for the members of the association. The first meeting was held at the association Saturday evening.

The association is also going to stage a pool and billiard tournament to be held soon and judging from some of the work done on the tables last week, there will be some good playing shown in the tournament.

Improvements are still being made in the gymnasium. A locker has been built in which to keep the dumb bells, Indian clubs, and other equipment, which is a great convenience. It is hoped soon to have the report of the engineer on the practicability and cost of removing the posts in the gymnasium, and when this is done the last draw back to that part of the work will have been done away with.

There is no need to call attention to the new sign—it speaks for itself. It is the work of Mr. Roney, and tells everyone where the most active institution in the city is located.

COLLINS WILL DEBATE

Meets Socialist at Long Prairie on December 10—Copy of Agreement Signed

The St. Cloud Daily Times says:—Peter W. Collins, who recently spoke at the local Knights of Columbus hall against Socialism, has answered a challenge to debate the question in Long Prairie on Dec. 10. Mr. Collins, after leaving St. Cloud, went to Brainerd and Long Prairie, where he delivered a lecture in each place. When in Long Prairie certain statements made by Mr. Collins were challenged by Socialists at the meeting. He agreed to debate the question with him and a request was sent to T. E. Latimer, state secretary of the Socialist party asking to supply an opponent. This has been agreed to. Mr. Collins claims that heretofore the Socialists who had agreed to debate him had failed to appear. He drew up an agreement so as to clinch the agreement. This is:

"It is hereby agreed by the Socialist party in behalf of its secretary, T. E. Latimer, to debate with Peter Collins at Long Prairie on Dec. 10, 1913, the subject to be resolved that Peter Collins told an untruth when he said, 'Socialism is opposed to religion and the labor movement.'"

"Socialist speaker to open debate with forty-five minutes. Collins to reply forty-five minutes. Socialist to answer twenty minutes. Collins to reply fifteen minutes. Socialist to answer again in fifteen minutes and Collins to close debate ten minutes. 'There shall be no collection, no distribution of literature. Socialists shall pay one half of expense. 'Debate to start at 7:30 p. m. 'This is to be signed by T. E. Latimer for the Socialist party. Copy of this agreement signed by him must be sent to Peter Collins by registered letter, in care of N. W. Cronen, state deputy of Knights of Columbus, McKnight Building, Minneapolis, Minn., on or before Nov. 10, 1913. (Signed) Peter Collins."

JOHN LARSON

MUSIC AND DRAMA

"The Typhoon."

"The Typhoon," a theatrical sensation of the first water, comes to the Brainerd opera house on Wednesday, Nov. 12. This remarkable play, which created a veritable furore in Europe, was produced in America last season with a result that surprised the managerial experts of the country, who had hesitated to secure it, doubting whether its strangeness of theme and treatment would appeal to our theatre-going public. There never was any question as to the intrinsic value of the work. Its enthusiastic reception in Vienna, Berlin and Paris, left no room for doubt on that score, but it was feared that its striking originality and almost ferocious power would be a bar to widespread popularity. However, Mr. Whiteside on reading the play felt assured that his public would recognize its unique fascination as readily as the theatre-goers of the continental cities. At his own risk he gave the play with a splendid cast and wonderful stage setting, with the result that "The Typhoon" scored immediately one of the greatest successes in many seasons. Mr. Whiteside brings the company and production intact from the fashionable Hudson Theatre, in New York.

More Bottles Sold Each Year

It is easy to understand why an increasing number of bottles of Foley's Honey and Tar Compound is sold yearly. Thos. Verran, 186 Edward street, Houghton, Mich., gives an excellent reason when he writes: "Foley's Honey and Tar Compound has always proven an effective remedy, quickly relieving tickling in the throat, and stopping the cough with no bad after effects. H. P. Dunn, druggist."

Sneezing?

There's no need of it. Sniff a little Kondon's, the original and genuine Catarrhal Jelly, up the nostrils. Its soothing, healing properties quickly relieve you. Best thing for hay fever, colds, catarrh, sore throat, catarrhal headache, nose bleed, deafness, etc. Relieves the condition which causes snoring. Sold only in 25c and 50c sanitary tubes by druggists or direct. Sample free. Write Kondon Mfg. Co., Minneapolis, Minn.

KONDON'S CATARRHAL JELLY

NOTICE

J. A. Wilson and W. W. Bane wish to announce that they have formed a partnership for the purpose of conducting a general insurance business. They have a line of strong insurance companies and will write all kinds of fire and casualty insurance. Your business is solicited.

KIDNAPING CASE GOES TO JURY

Judge McClenahan Delivers Lengthy Charge to the Jury This Morning

SPECIAL VENIRE IS ORDERED

Case on Trial Now is Against Fred Kelroe, Charged With Grand Larceny in Second Degree

After an eloquent plea to the jury in the alleged kidnaping case, made by S. F. Alderman, attorney for the defense, Judge W. S. McClenahan delivered the charge to the jury.

Judge McClenahan spoke at length. A trial, said he, involved essentially and primarily the investigation of fact before conclusions were reached. He explained the meaning of an indictment and mentioned it had not been read during the course of the trial and then read it to the jury. The motive and the purposes of the defendants were important. The actions and statements and surrounding circumstances were to be weighed well to ascertain if there was a criminal intent. The defense had conceded it was a case of false imprisonment. The inquiry was not whether Sjoegren had suffered as an individual, but if the law of the state had been violated. Whether or not secret confinement existed, that was a matter to be determined by the jury.

Attorney S. F. Alderman submitted to the court propositions of law which the court read to the jury. The jury then filed to the ante-room.

Following this the case of the state vs. Fred Kelroe was called. He and a party unknown are accused of stealing a watch from a man who was in the Northern Pacific railway depot. Shortly after court opened in the afternoon a special venire was ordered.

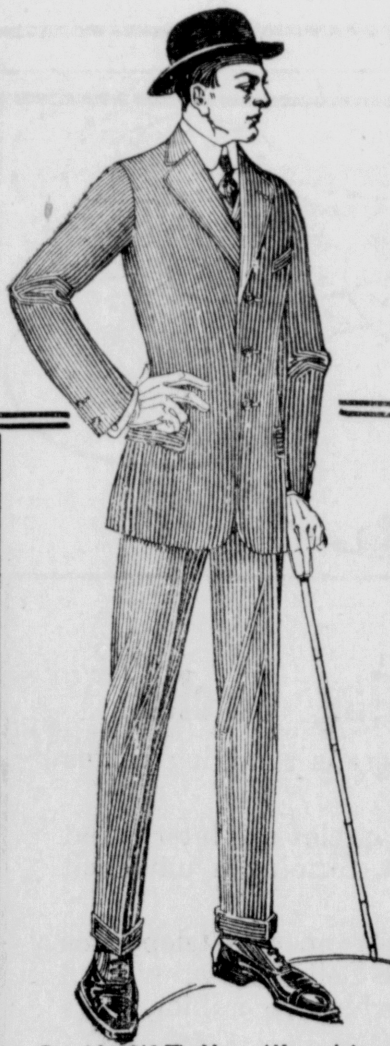

ELECTION OF OFFICERS

To be Held by Booster Club at the Council Chambers This Monday Evening

The regular election of officers of the Brainerd Booster club will be held at the council chambers this evening. Other important matters will also be brought up for the consideration of the club.

Pain in Back and Rheumatism

Torment thousands of people daily. Don't be one of these sufferers when for so little cost you can well get rid of the cause. Foley's Kidney Pills begin their good work from the very first dose. They exert so direct an action on the kidneys and bladder that the pain and torment of backache, rheumatism and kidney trouble is soon dispelled. H. P. Dunn, druggist.—Advt. mwf

Copyright 1913 The House of Kuppenheimer

It is pretty generally known that in KUPPENHEIMER Clothes at this store we have answered all of your Suit or Overcoat questions.

Don't overlook the fact however, that we are in a position to meet every one of your clothes requirements.

For instance—

Hats, underwear, ties, shirts, shoes etc.

HUERTA NOT TO BE RECOGNIZED

Special to The Dispatch:

London, Nov. 10.—Walter H. Page, United States ambassador, today presented to the British Foreign Office another message from President Wilson the general effect of which is that under no circumstances will the president recognize Provisional President Huerta or any of his acts.

WINS CHAMPIONSHIP

Brainerd High Defeats Bemidji High 18 to 6 Saturday—Koop Stars in the Game

In the best game of football ever played on a local gridiron Brainerd high school won the championship of Northern Minnesota Saturday by defeating Bemidji.

In claiming the championship the locals base their claim on the fact that they have met and defeated every team that has challenged them, from this part of the state. Until last Saturday Bemidji was the only obstacle which lay in their path and now Bemidji has been brushed aside and the title of "Champion" lies undisputed in the grasp of the locals.

The game was featured by the sensational work of Koop, the locals left half. Time and again he hit the line for from ten to fifteen yards. At the start he got away with a forward pass which enabled Brainerd to get their first touchdown. In the third quarter he broke away for a sixty yard run dodging and shaking off tacklers and placed the ball on the eight yard line.

The work of Day at full and White at center was closely associated with that of Koop's. The former, several times got away for large gains and was a terror to Bemidji on the defense. White played a spectacular game on the defense, breaking up Bemidji's plays before they were fully under way.

Orne did the kicking for Brainerd and got away with several long punts. Trent at quarter guided the team with great generalship and through his line plunging Brainerd crossed the goal in the second quarter.

Hemstead and Molstad at ends broke up every end run of the visitors and formed remarkable interference on the offense.

Norquist, Mahlum, Vaughn and Warner on the line were a stone wall on the defense, and on the offense, opened large holes for the backfield. Bemidji played hard and clean, but were unable to solve the plays of the locals or break through their sturdy defense.

Before the game Manager Schmidt of the Empress Theater promised the football boys that he would donate the proceeds of one night's entertainment at his theater toward a fund for buying sweaters for the team, providing they won. "They won."

Saturday night the members of both teams were guests of Sherman Kelly at the opera house. The house was filled with high school followers and all had a chance to test their lungs.

A picture of the Champions will appear in this paper soon, so be on the lookout.

The lineup of the champions is: Hemstead, right end; Norquist, Ekholm, right tackle; Mahlum, right guard; White, center; Vaughn, left guard; Warner, left tackle; Molstad, left end; Koop, left half; Day, fullback and captain; Trent, quarter; Orne, right half.

CHANGE IN GAME LAWS

Trappers Should Take Notice Regarding the Catching of Mink, Muskrat and Beaver

At the request of Fred Wels, of Hubert, the Dispatch prints this change in the game laws as affecting hunters of mink, muskrat and beaver. Section 38 of the game laws has this amended provision, as amended in 1913:

No person shall take, catch or kill any beaver at any time, or any mink or muskrat between the fifteenth day of April, and the first day of December following, and no person shall molest, injure or destroy any muskrat, mink or beaver house, den or dam at any time, or hunt or pursue such animals with dog or dogs, except that in the open season herein provided for the taking, catching or killing of muskrats, muskrat houses may, for the purpose of placing traps therein, be opened in such manner only as will not destroy, damage or injure the same, as a place of habitation for muskrats. Provided, that when any of the animals mentioned in this section are doing damage to or destroying any property, or are likely to damage or destroy property, the person whose property is being, or is likely to be, damaged or destroyed, may make complaint and report the facts to the executive agent of the Game and Fish commission, who shall either in person or by a deputy game warden, investigate the conditions complained of, and if it appears that the complaint is well founded, and the property of such complainant is being, or is likely to be, damaged by any such animals, the executive agent of the Game and Fish commission may grant permission, properly safeguarded, to the complainant, to kill such animals, or destroy the houses, dams or other structures erected by them.

Approved April 28, 1913.

Every Trimmed Hat in Store Worth up to \$27.50 at \$9.98

A great clearance. Any trimmed hat in our stock—not a one reserved—worth up to \$27.50 at but \$9.98. This sale begins Tuesday and you should get first choice. We reserve nothing. "MICHAEL'S"

DEVELOPMENTS OF WEEK ON RANGE

Cuyuna Range Shipments Make Good Showing—More Mines to Operate Next Season

STEAM SHOVEL AT BARROWS

South Range Activities—Cuyuna-Duluth at Ironton to Sink Shaft Deeper

The shipments for 1913 were early in the year estimated at about one million tons and mining men, including Carl Zapffe, of Brainerd, H. J. Kruse and Ben Mizen, of Crosby, were unanimous in saying that the Cuyuna range would be showing an unexpected era of production if that figure was obtained. At the present writing 350,000 tons marks the total shipments, but these figures will be raised because the shipping now bids fair to last until December 1 and some enthusiasts have high hopes to ship ore to December 15, providing, of course, the weather is fair and a skipper can be found to carry the cargo.

The Armour No. 1, Armour No. 2 and Kennedy mines of the Rogers, Brown Ore Co., have shipped approximately 636,500 tons, the Inland Steel Thompson mine, which is now stripping, 40,000 tons; the Pennington pit mine 100,000 tons; Barrows at close of season 10,000 tons; Cuyuna-Duluth and Cuyuna-Mille Lacs mines over 65,000 tons. The Adams at Oreland, the Iron Mountain Mining Co. at Manganese, the Rowe mine at Riverton and the Meacham at Crosby have not shipped ore. Next year these four mines will be producers and it is also expected that the Brainerd-Cuyuna Mining Co. mine in the city limits of Brainerd will join the list of producers.

The Brainerd-Cuyuna mine has its shaft down 50 feet. The boilers are being bricked up. The power house has been built and the engine and hoist installed. All pipe lines, for heating, steam, air and water, are being put underground. The water from the mine will be discharged into Roscoe creek. Large blocks of stock have been sold in town and outside. Chicago parties are also heavily interested in the mine. On Sunday Vice President Henry Nelson, Secretary Edmond Ingalls and Director Charles C. Jones, of Duluth visited President P. A. Farrar and with him inspected the mine.

At the Barrows mine, it is reported that enough will be shipped from its stockpile to make up its quota of 10,000 tons this year. The steam shovel which had been leveling ground for stockpiles at the Adams mine has been transferred to Barrows.

At Loerch, also on the south range, it is reported that George H. Crosby has a number of drills at work endeavoring to establish the connection, if any, between the north and south ranges. In drilling this cross-section and exploring the formation Mr. Crosby is doing exploratory work of the highest value geologically, even if no great ore deposits are discovered.

Deerwood, which also lies on the south range, is the scene of active exploration work. John Helmer, of Duluth, has bought the Charles Lofholm place, the consideration being said to be \$20,000. Adjoining the Lofholm place drilling is in progress on the E. T. Buxton place on Reno lake in section 20, township 46, range 28, the Hale-Bradley Exploration Co., doing the drill work. At the Morford place in the village limits of Deerwood, William C. White has a drill at work on the same line of attraction.

There is considerable activity in the Clearwater-Bay Lake district lying south of and parallel to the south range. A Helmer drill has been placed on the Norcross property at Bay Lake. The large interests of Anton Huhn, of Minneapolis, are near by. Cuyler Adams, of Deerwood, also has interests southwest of this.

The Edson people, of Deerwood, have taken over the Schroeder place in section 19, township 47, range 28, north of Rabbit lake, property on which they first had an option.

The Adams mine at Oreland is preparing for the winter season when a large stockpile will be taken out.

The Pennington will continue stripping during the winter. There is a report current on the range that Supt. Lutes may ship a trainload of 33 or 35 per cent lowgrade ore, probably for test purposes. Improvements have been made at the mine. There is now a good substantial office building and work is progressing on other buildings.

The activity of the Gopher Iron Co. continues to excite comment and

SOCIALIST EDITOR QUILTS

Mr. Hogan was amazed at the quantities of ore mined at the Pennington. Mr. Quinlivan was for years in the Canadian immigration business and has taken thousands of settlers and investors to Canada.

A. R. McGuire, a graduate of the Madison, Wis., mining school, is in charge of the exploration work on the Cuyuna Extension company's properties and for the Cuyuna-Sultana Co. properties on the Cuyuna range. The Helmer Exploration Co. has started drilling the property of the Cuyuna Iron Valley Co. in section 19, township 47, range 28. The property lies directly north of Rabbit lake near lands which have been proven to contain ore.

The Crow Wing company is drilling north of the townsite of Cuyuna, holes being about 200 feet apart.

It is reported at Crosby that the Armour No. 1 mine will not be stripped.

The Kennedy mine at Cuyuna is hoisting on an average 700 tons a day. The work of electrical installation has been handicapped because the switchboard has not arrived. The Armour No. 2 at Crosby is hoisting 700 tons a day. Both of these mines have ceased shipping and are stockpiling.

The Inland Steel Co. Thompson mine has a shovel at work stripping with day and night crews at work. The Rowe mine at Riverton was visited by many officials of the Pittsburgh Steel Ore Co., including President Wallace H. Rowe, Messrs. McCook, Winter and others. David Williams, of Duluth, was with the party. This pit mine now being operated by hydraulic and steam shovel equipment, is expected to ship 800,000 tons in 1914 and many believe the Soo will double-track this winter from Riverton to Iron Hub in order to handle the heavy traffic from this mine alone.

Chester D. Tripp, general manager of the Rogers, Brown Ore Co., was at Crosby this week and Mr. Tripp was optimistic about business conditions. He expected the ore market to be in much better shape next spring.

W. A. Guith has two drills at work for the Mangan Iron Co. in section 10, township 46, range 29.

A. H. Elftman, in charge of the Little Rabbit Mining Co., will be consulting geologist of the Rowe mine.

P. A. Gough and Jay McCarville are moving in their drills from section 34, township 47, range 29. Geo. H. Wyman, of Anoka, and Hopewell Clark, of St. Paul, were on the range this week.

The Glover Iron Co., a company of the Merritts, is operating in section 27, township 47, range 29. E. J. W. Donahue, of the Locker-Donahue company, was on the range Sunday with a number of stockholders. Fat Hines has struck ore in section 20, township 46, range 28.

The Quinesec Mining Co. has been organized with a capital stock of \$50,000 by H. B. Blackwood, A. W. Uhl and F. A. Lindbergh, of Crosby. There shall be \$10,000 of capital stock and \$40,000 common stock. In voting and division of profits, the special stock shall be so preferred that one share of special shall equal six shares of common. The highest amount of indebtedness allowed is \$10,000.

Charles W. Fotts has assigned to James E. Peterson, trustee, an option in the south half of the southeast quarter of section 17, township 47, range 28.

James A. Stetson has assigned to Davis V. Skillings an option dated April 9, 1912, and covering lot 3 in (Continued on page 4)

Y. M. C. A. BOARD HAS MEETING

Gratifying Report of Work Done in all Departments are Received—Progress Made

THE FINANCIAL REPORT IS GOOD

Membership Remains at over 500—All Committees Active—Some Coming Events

The regular meeting of the board of directors of the Y. M. C. A. was held recently, and very gratifying reports of work in all departments were received. The financial report shows that the association is going right ahead with its work and is meeting its obligations as they are incurred. The membership remains over five hundred, despite the large number of expirations during the month, and attests the good work of the secretaries in soliciting members.

There is to be noted a lot of activity on the part of the committees in charge of the various parts of the work. The Social Committee made its existence known with a very successful Halloween social, and just to keep things going they announce a basket social for two weeks from last Thursday, the proceeds to be used to install improvements and conveniences in the dormitories.

All those who play mandolins and guitars will be interested to learn that J. J. Roney is going to organize a mandolin club for the members of the association. The first meeting was held at the association Saturday evening.

The association is also going to stage a pool and billiard tournament to be held soon and judging from some of the work done on the tables last week, there will be some good playing shown in the tournament.

Improvements are still being made in the gymnasium. A locker has been built in which to keep the dumbbells, Indian clubs, and other equipment, which is a great convenience. It is hoped soon to have the report of the engineer on the practicability and cost of removing the posts in the gymnasium, and when this is done the last draw back to that part of the work will have been done away with.

There is no need to call attention to the new sign—it speaks for itself. It is the work of Mr. Roney, and tells everyone where the most active institution in the city is located.

COLLINS WILL DEBATE

Meets Socialist at Long Prairie on December 10—Copy of Agreement Signed

The St. Cloud Daily Times says:—Peter W. Collins, who recently spoke at the local Knights of Columbus hall against Socialism, has answered a challenge to debate the question in Long Prairie on Dec. 10. Mr. Collins, after leaving St. Cloud, went to Brainerd and Long Prairie, where he delivered a lecture in each place. When in Long Prairie certain statements made by Mr. Collins were challenged by Socialists at the meeting. He agreed to debate the question with him and a request was sent to T. E. Latimer, state secretary of the Socialist party asking to supply an opponent. This has been agreed to. Mr. Collins claims that heretofore the Socialists who had agreed to debate him had failed to appear. He drew up an agreement so as to clinch the agreement. This is:

"It is hereby agreed by the Socialist party on behalf of its secretary, T. E. Latimer, to debate with Peter Collins at Long Prairie on Dec. 10, 1913, the subject to be resolved that Peter Collins told an untruth when he said, 'Socialism is opposed to religion and the labor movement.'"

"Socialist speaker to open debate with forty-five minutes. Collins to reply twenty minutes. Collins to reply fifteen minutes. Socialist to answer again in fifteen minutes and Collins to close debate ten minutes."

"There shall be no collection, no distribution of literature. Socialists shall pay one half of expense."

"Debate to start at 7:30 p. m."

"This is to be signed by T. E. Latimer for the Socialist party. Copy of this agreement signed by him must be sent to Peter Collins by registered letter, in care of N. W. Cronen, state deputy of Knights of Columbus, McKnight Building, Minneapolis, Minn., on or before Nov. 10, 1913."

(Signed) Peter Collins.

JOHN LARSON

MUSIC AND DRAMA

"The Typhoon."

"The Typhoon," a theatrical sensation of the first water, comes to the Brainerd opera house on Wednesday, Nov. 12. This remarkable play, which created a veritable furore in Europe, was produced in America last season with a result that surprised the managerial experts of the country, who had hesitated to secure it, doubting whether its strangeness of theme and treatment would appeal to our theatre-going public. There never was any question as to the intrinsic value of the work. Its enthusiastic reception in Vienna, Berlin and Paris, left no room for doubt on the score, but it was feared that its striking originality and almost ferocious power would be a bar to widespread popularity. However, Mr. Whiteside on reading the play felt assured that his public would recognize its unique fascination as readily as the theatre-goers of the continental cities. At his own risk he gave the play with a splendid cast and wonderful stage setting, with the result that "The Typhoon" scored immediately one of the greatest successes in many seasons. Mr. Whiteside brings the company and production intact from the fashionable Hudson Theatre, in New York.

More Bottles Sold Each Year

It is easy to understand why an increasing number of bottles of Foley's Honey and Tar Compound is sold yearly. Thos. Verran, 186 Edward street, Houghton, Mich., gives an excellent reason when he writes: "Foley's Honey and Tar Compound has always proven an effective remedy, quickly relieving tickling in the throat, and stopping the cough with no bad after effects. H. P. Dunn, druggist."

Sneezing?

There's no need of it. Sniff a little Kondon's, the original and genuine Catarrhal Jelly, up the nostrils. Its soothing, healing properties quickly relieve you. Best thing for hay fever, colds, catarrh, sore throat, catarrhal headache, nose bleed, deafness, etc. Relieves the condition which causes snoring. Sold only in 25c and 50c sanitary tubes by druggists or direct. Sample free. Write Kondon Mfg. Co., Minneapolis, Minn.

DEVELOPMENTS OF WEEK ON RANGE
(continued from page three)

section 2, township 45, range 28 and running 5 months and 30 days.

James R. Gasser has given an option to purchase at \$3,500, good for 30 days, from November 6, 1913, to C. J. Evensta and covering lot 3 and 1 in section 10, township 29, range 134.

Emma Tuck, of Cuyuna, has given to Charles W. Potts, of Deerwood, for \$300 a six months' option to call for a mining lease on the south half of the southeast quarter of section 17, township 47, range 28. For \$200 it may be extended 6 months and for another \$200 another six months may be added to the option. The lease is to be one of 50 years duration, 12 cents royalty and the tonnage for each of the first, second and third years 8,333 1-3 tons annually and for each year thereafter 16,666 2-3 tons.

T. R. Foley, of Aitkin, has a drill working near Hassman. A drill is also reported as working near Staples.

The Cuyuna-Duluth mine at Iron-ton is stockpiling and shipping. The shaft is to be sunk a greater depth and the workings enlarged so as to increase the shipments. The coal trestles have been completed. Additional trackage is being laid.

The Cuyuna-Mille Lacs mine is regularly shipping its quota of six cars or more daily. Orders have come in so fast that the mine could not fill them all. The ore, which is of a high manganiferous grade, is in great demand.

Shaft sinking is in progress at the Duluth-Brainerd mine in section 32, township 47, range 29.

Northern Pacific surveying crews have been prominent on the range and lines have been run in all directions tapping properties of the Northwestern Improvement Co. and other interests.

Charles H. Davidson has acquired interests in section 23, township 137, range 26 and in section 26, township 137, range 26. John L. Smith has sold to Dr. J. L. Camp, of Brainerd, interests in section 30-44-28, in 25-44-29 and in 36-44-29 for \$3,000. James A. Stevenson has sold to Chas. B. Tisdale the southeast quarter of the northeast quarter and the southeast quarter of section 4, township 138, range 27.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

F. A. CLARKSON PASSED AWAY
Prominently Connected With Jobbing Business of Duluth—Father of Paul G. Clarkson

The Duluth Herald gives the following account of the death of Frank A. Clarkson, father of Paul G. Clarkson, of this city:

Frank A. Clarkson, 70 years old, one of the pioneer jobbers at the Head of the Lakes, died at 2:30 o'clock Tuesday morning at his home, 4842 London road, after an illness lasting nearly eleven years.

Mr. Clarkson came to Duluth in 1887 from Perry's Mills, N. Y., where he was born April 24, 1843. Upon his arrival here Mr. Clarkson established the Wells-Stone Mercantile company, a wholesale grocery house.

At the end of ten years this firm consolidated with the Stone-Ordean-Wells company and Mr. Clarkson, with several others withdrew, shortly afterwards organizing the Wright-Clarkson company, which was located at 324-332 West Michigan street up to the first of the present year. Mr. Clarkson was vice president and one of the directors of the company.

For the past eleven years Mr. Clarkson had been troubled with a disease of the arteries, while since 1910 this illness incapacitated him from attending to his work. He had been confined to his home almost constantly for the past three years.

Mr. Clarkson was very well known throughout the northwest and he leaves a host of friends and business acquaintances. He was very prominent as a civic worker and took a great deal of interest in the welfare of Duluth and Northern Minnesota ever since he came to Duluth in 1887.

Mr. Clarkson is survived by one son, Paul G. Clarkson of Brainerd, besides his widow. A brother and sister living in Canada also survive him. Mr. Clarkson was a thirty-second degree Scottish Rite Mason and was also a member of Duluth Commandery, Knights Templar.

The funeral was held Thursday afternoon from the residence, 4842 London road, Rev. Charles Fox Davis of Minneapolis, former pastor of the Lester Park M. E. church, officiating. Interment was at Forest Hill cemetery.

Didn't Belie Itself.

Mrs. Flutberby — That's a stunning new frock of your wife's, Mr. Grumly. It holds her up so smartly and makes her look so trim. Grumly—Yes, and it's a trim and a holdup for me too.—Cleveland Plain Dealer.

SOWING AND REAPING.

Remember that as you sow so shall you reap. The law of the harvest is to reap more than you sow. Sow an act and you reap a habit; sow a habit and you reap a character; sow a character and you reap a destiny.—George Dana Boardman.

ALFALFA SEED
May be Obtained From the State Agricultural School at Crookston at \$12 Per Bushel

In a letter received from W. R. Mackenzie, secretary of the Northern Minnesota Development association, he says: "I am negotiating with the State Agricultural school at Crookston for a quantity of alfalfa seed, which will be delivered at either Crookston or some other central point at \$12 per bushel.

"It is 'Montana Grimms' and is guaranteed and vouched for by the Department of Agriculture of the state. Can you use some of this seed in your vicinity? If so, kindly write to me as soon as you find out what quantity you can use. There is no question whatever but that every farmer in your vicinity should use about 12 pounds—which is sufficient to seed one acre. Before seeding in the spring, however, the farmer should ascertain from the nearest high school or county agricultural agent just how to prepare his land and seed it, as different kinds of soils may require different methods of preparation and seeding.

"If you wish, you can write Mr. C. G. Selvig, superintendent, state farm school, Crookston, and order directly from him."

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" ends Indigestion, Gas, Dyspepsia and Stomach Misery in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness of constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Adv.

STUDY GAME LAWS
Every Hunter Must Provide Himself With a License This Year—Hunting in or Out of County

The deer season opened Monday, November 10, and all those hunting would do well to study up the new game laws, as some changes have been made.

There is more or less confusion among hunters this year as to whether one must have a license to hunt in his own county or not. The game wardens say such a license is necessary, while others claim it is needed only to ship game in the case of those hunting in their own county. When the wardens hold this opinion of the matter, the only safe way is for the hunter to get a license.

County Auditor Smart received the state licenses with shipping tags and began to issue them to applicants three days before the opening of the season. The season lasts but twenty days and each hunter is entitled to two animals, a deer and a moose.

The law permits of the shipping of big game until five days after the close of the season and also specifies that no one can legally have any part of such game in their possession after five days following the close of the season.

DEVELOPMENTS OF WEEK ON RANGE
(continued from page three)

section 2, township 45, range 28 and running 5 months and 30 days.

James R. Casser has given an option to purchase at \$3,500, good for 30 days, from November 6, 1913, to C. J. Evensta and covering lot 3 and 1 in section 10, township 29, range 134.

Emma Tuck, of Cuyuna, has given to Charles W. Potts, of Deerwood, for \$300 a six months' option to call for a mining lease on the south half of the southeast quarter of section 17, township 47, range 28. For \$200 it may be extended 6 months and for another \$200 another six months may be added to the option. The lease is to be one of 50 years duration, 12 cents royalty and the tonnage for each of the first, second and third years 8,333 1-3 tons annually and for each year thereafter 16,666 2-3 tons.

T. R. Foley, of Aitkin, has a drill working near Hassman. A drill is also reported as working near Staples.

The Cuyuna-Duluth mine at Iron-ton is stockpiling and shipping. The shaft is to be sunk a greater depth and the workings enlarged so as to increase the shipments. The coal trestles have been completed. Additional trackage is being laid.

The Cuyuna-Mille Laes mine is regularly shipping its quota of six cars or more daily. Orders have come in so fast that the mine could not fill them all. The ore, which is of a high manganiferous grade, is in great demand.

Shaft sinking is in progress at the Duluth-Brainerd mine in section 32, township 47, range 29.

Northern Pacific surveying crews have been prominent on the range and lines have been run in all directions tapping properties of the Northwestern Improvement Co. and other interests.

Charles H. Davidson has acquired interests in section 23, township 137, range 26 and in section 26, township 137, range 26. John L. Smith has sold to Dr. J. L. Camp, of Brainerd, interests in section 30-44-28, in 25-44-29 and in 36-44-29 for \$3,000. James A. Stevenson has sold to Chas. B. Tisdale the southeast quarter of the northeast quarter and the southeast quarter of section 4, township 138, range 27.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O.

Take Hall Family Pills for constipation.

F. A. CLARKSON PASSED AWAY

Prominently Connected With Jobbing Business of Duluth—Father of Paul G. Clarkson

The Duluth Herald gives the following account of the death of Frank A. Clarkson, father of Paul G. Clarkson, of this city:

Frank A. Clarkson, 70 years old, one of the pioneer jobbers at the Head of the Lakes, died at 2:30 o'clock Tuesday morning at his home, 4842 London road, after an illness lasting nearly eleven years.

Mr. Clarkson came to Duluth in 1887 from Perry's Mills, N. Y., where he was born April 24, 1843. Upon his arrival here Mr. Clarkson established the Wells-Stone Mercantile company, a wholesale grocery house.

At the end of ten years this firm consolidated with the Stone-Ordean-Wells company and Mr. Clarkson, with several others withdrew, shortly afterwards organizing the Wright-Clarkson company, which was located at 324-332 West Michigan street up to the first of the present year. Mr. Clarkson was vice president and one of the directors of the company.

For the past eleven years Mr. Clarkson had been troubled with a disease of the arteries, while since 1910 this illness incapacitated him from attending to his work. He had been confined to his home almost constantly for the past three years.

Mr. Clarkson was very well known throughout the northwest and he leaves a host of friends and business acquaintances. He was very prominent as a civic worker and took a great deal of interest in the welfare of Duluth and Northern Minnesota ever since he came to Duluth in 1887.

Mr. Clarkson is survived by one son, Paul G. Clarkson of Brainerd, besides his widow. A brother and sister living in Canada also survive him. Mr. Clarkson was a thirty-second degree Scottish Rite Mason and was also a member of Duluth Commandery, Knights Templar.

The funeral was held Thursday afternoon from the residence, 4842 London road, Rev. Charles Fox Davis of Minneapolis, former pastor of the Lester Park M. E. church, officiating. Interment was at Forest Hill cemetery.

Didn't Believe Itself.

Mrs. Flutterby—That's a stunning new frock of your wife's, Mr. Grumly. It holds her up so smartly and makes her look so trim. Grumly—Yes, and it's a trim and a holdup for me too.—Cleveland Plain Dealer.

SOWING AND REAPING.

Remember that as you sow so shall you reap. The law of the harvest is to reap more than you sow. Sow an act and you reap a habit; sow a habit and you reap a character; sow a character and you reap a destiny.—George Dana Boardman.

ALFALFA SEED

May be Obtained From the State Agricultural School at Crookston at \$12 Per Bushel

In a letter received from W. R. Mackenzie, secretary of the Northern Minnesota Development association, he says: "I am negotiating with the State Agricultural school at Crookston for a quantity of alfalfa seed, which will be delivered at either Crookston or some other central point at \$12 per bushel.

"It is Montana Grimms' and is guaranteed and vouches for by the Department of Agriculture of the state. Can you use some of this seed in your vicinity? If so, kindly write to me as soon as you find out what quantity you can use. There is no question whatever but that every farmer in your vicinity should use about 12 pounds—which is sufficient to seed one acre. Before seeding in the spring, however, the farmer should ascertain from the nearest high school or county agricultural agent just how to prepare his land and seed it, as different kinds of soils may require different methods of preparation and seeding.

"If you wish, you can write Mr. C. G. Selvig, superintendent, state farm school, Crookston, and order directly from him."

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" ends Indigestion, Gas, Dyspepsia and Stomach Misery in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness of constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advt.

STUDY GAME LAWS

Every Hunter Must Provide Himself With a License This Year—Hunting in or Out of County

The deer season opened Monday, November 10, and all those hunting would do well to study up the new game laws, as some changes have been made.

There is more or less confusion among hunters this year as to whether one must have a license to hunt in his own county or not. The game wardens say such a license is necessary, while others claim it is needed only to ship game in the case of those hunting in their own county. When the wardens hold this opinion of the matter, the only safe way is for the hunter to get a license.

County Auditor Smart received the state licenses with shipping tags and began to issue them to applicants three days before the opening of the season. The season lasts but twenty days and each hunter is entitled to two animals, a deer and a moose.

The law permits of the shipping of big game until five days after the close of the season and also specifies that no one can legally have any part of such game in their possession after five days following the close of the season.
